ADM800: AS Java - Administration

Course Outline

Course announcements

In this course you will get acquainted with a broad spectrum of administrative activities for AS Java based SAP Systems. After completing this course you will be prepared to carry out administrative tasks for AS Java based SAP Systems like SAP Enterprise Portal, SAP Process Orchestration or the Java Part of the SAP Solution Manager System. During these five days you will learn to start and stop SAP systems and how to configure them, how to manage users and prepare for a system-maintenance and more. Throughout the training you will work with administrative rights on the operation system as well as in the SAP system.
