

C_TBW50H_75: SAP Certified Application Associate - Modeling and Data Acquisition with SAP BW 7.5 powered by SAP HANA

Course Outline

Description

The "SAP Certified Application Associate - Modeling and Data Acquisition with SAP BW 7.5 powered by SAP HANA" certification exam verifies that the candidate has the required knowledge in the area of MODELING, DATA ACQUISITION and QUERY DESIGN with SAP BW 7.5 on SAP HANA as it pertains to the application consultant profile. This certification builds on the basic knowledge gained by a BW consultant from formal training and preferably refined by practical experience within a BW project team in a mentored role.

Notes

To ensure success, SAP recommends combining education courses and hands-on experience to prepare for your certification exam as questions will test your ability to apply the knowledge you have gained in training.

You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system).

Course Duration

180 Min

Delivery Format
