Description

The "SAP Certified Application Associate - SAP SuccessFactors Learning Management" certification exam verifies that the candidate possesses the basic knowledge in the SAP SuccessFactors Learning Management application. This certificate proves that the candidate has a basic and overall understanding within this consultant profile of the industry solution and can implement this knowledge practically in projects under guidance of an experienced consultant. It is recommended as an entry-level qualification to allow consultants to get acquainted with the fundamentals of SAP SuccessFactors Learning Management.

Notes

To ensure success, SAP recommends combining education courses and hands on experience to prepare for your certification exam as questions will test your ability to apply the knowledge you have gained in training. In addition to completing THR88 Academy, it is recommended to attend the THR88 Hands-on Workshop. The SAP SuccessFactors Learning Management Hands-on Workshop provides an opportunity for students to deepen their product knowledge through guided case studies and exercises. You are not allowed to use any reference materials during the certification test (no access to online

documentation or to any SAP system). This certification is not intended for customers. If you are a customer administrator, please explore the customer-specific instructor-led and self-service (SFALC) offerings and become accredited via the SFX Accreditation program. Please note that with passing this exam you will be asked to keep your certification current with every new product release. Once you pass the exam, you will be required to pass regular assessments to stay current for all subsequent SAP SuccessFactors releases to maintain your certification status and SAP Global Certification digital badge. SAP Learning Hub subscription will be required. This certification is based on a half year release cycle. This version is available for 6 months and a new version will be published with each new release
