

C_TS413: SAP Certified Application Associate - SAP S/4HANA Asset Management

Course Outline

Description

The "SAP Certified Application Associate - SAP S/4HANA Asset Management" certification exam verifies that the candidate has the fundamental and core knowledge in the area of Asset Management required for the consultant profile. This certificate proves that the candidate has an overall understanding and can implement the knowledge practically in projects to contribute to the success of the planning and implementation phases in a mentored role. Previous project experience is not necessarily a prerequisite to pass this exam. The certificate issued for passing this exam will be valid for 5 years.

Course Duration

180 Min

Delivery Format

Online

Course Fee

Notes

To ensure success, SAP recommends combining education courses and hands-on experience to prepare for your certification exam as questions will test your ability to apply the knowledge you have gained in training.

You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system).
