C_TSCM52_67: SAP Certified Application Associate - Procurement with SAP ERP 6.0 EhP7

Course Outline

Description

The "SAP Certified Application Associate - Procurement with SAP ERP 6.0 EhP7" certification exam verifies that the candidate possesses adequate knowledge in the area of Procurement to satisfy the requirements for the consultant profile. This certificate proves that the candidate can implement this knowledge practically in projects. The SAP Certified Application Associate can contribute to the success of the planning and implementation phases of the project in a mentored role and would typically have a maximum of three years' experience in the solution area. Project experience should not be a prerequisite for a competent and well-trained candidate to pass this exam."

Course Duration

180 Min

Delivery Format

Notes

To ensure success, SAP recommends combining education courses and hands-on experience to prepare for your certification exam as questions will test your ability to apply the knowledge you have gained in training. Besides the recommended education courses also practical experience is required and tested.

You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system).
