Goals

This course will prepare you to:

- Build and maintain SAP software skills across the SAP solution portfolio with expert-led online, collaborative, and hands-on training.
- Benefit from the flexibility to learn what, where, and how you want.
- Maximize the SAP software adoption and return on investment.

Audience

SAP professionals, like consultants, administrators, developers and those involved in SAP software implementation or deployment.

Content

- The professional edition of SAP Learning Hub offers 12 months access to:
- Visual SAP Learning Journey guides illustrating recommended paths to solution competency.

- Self-paced digital learning content in various formats and languages, including e-learning courses, e-books, knowledge assessments.
- SAP expert-led live sessions and peer-to-peer learning experiences in SAP Learning Rooms.
- 60 hours of access per year to SAP learning systems.
- Access to stay current learning content and assessments to keep learners' skills up-to-date.

Notes

- Significant cost reduction per learner allows you to train your entire technical workforce on SAP software.
- It simplifies the purchasing process to one transaction a year: no scheduling, no cancellations, and so on.
- It brings all technical professional workers up- to-date on SAP solution knowledge, providing perpetual "classrooms" in the cloud and live training systems anytime, year-round.
