

S4130: Business Processes in SAP S/4HANA Asset Management

Course Outline

Course announcements

SAP S/4HANA Asset Management allows you to maximize productivity, improve operational safety, and reduce maintenance costs. With SAP S/4HANA Asset Management you can better plan, schedule, and dispatch maintenance personnel to boost productivity and reduce operational downtime with maintenance planning and scheduling solutions from SAP. Plan work and assign the right person to maintenance activities. Move unplanned requests to planning status, and measure planning by comparing estimated hours against booked hours. With greater visibility into asset status, you can mitigate breakdowns and integrate documentation on job completion and safety.

Course Duration

5 Days

Delivery Format

Classroom, Virtual Live Classroom, Hybrid

Course Fee
